Everyone

The Intergroup office may have to close early on the day before a holiday if the building management closes the building since most of our volunteers don't have building keys.

Office Volunteers

If you are working a shift the day before a holiday or on a Friday before a Monday holiday, **please check** with the building management upstairs to see if the building is closing early that day and plan to leave by the time it does.

Also, please either call to make sure the person to whom you are forwarding the hotline can take the phone early or make other arrangements to make sure the phone is answered until the scheduled overnight volunteers can take it. If you or someone else takes the phone until 5 p.m., be sure you or the other individual have the phone number to forward the hotline to the scheduled person and the Intergroup Rep for that group.

Intergroup Reps

Please make sure that your group knows about holiday closings and potential early closings and be prepared to handle them.

If you have a small home group base, you can use the Confidential List to call people from other groups to see if they can help cover your group's week. That is why we have the hotline service column.
